Navy Selects 6419 New Chiefs

HERE ARE the 6419 new chief petty officers named by the Navy this week. The list is divided into two main parts — Principals and Alternates. Within these two segments, a further breakdown is made between Actives, Air TARs, Surface TARs and TEMACs.

Principal

Active Duty

Corps Again Tops Recruiting Quotas

WASHINGTON — Marine Corps recruiters have surpassed monthly enlistment quotas for the second consecutive month, according to HQMC.

The Corps began this fiscal year's recruiting effort on July 1 with a 7073-enlistee shortfall from FY 1974, partially as a result of a disagreement with Congress about the numbers of high school graduates to be recruited.

When the issue was resolved in June, recruiters surpassed that month's quota by almost 1200 recruits.

In July, canvassers signed 5945 first-time recruits and 191 prior service returnees, exceeding the quota by four percent. Also, 111 women were recruited, one more than the monthly goal.

Headquarters also says that 63.4 percent of the enlistees were high school graduates and only 6.7 percent were in Mental Group IV, the lowest category acceptable to the Armed Forces.

The Corps has a self-imposed restriction of no more than 10 percent Cat IV enlistments and has accepted Congressional desires to recruit at least 55 percent from among high school graduates.

Navy Expands Captain Zone

WASHINGTON — A last-minute change expanded the promotion zone for the Navy male line captain selection board to include about 50 year group 1955 commanders.

Announcement of the change was made by AlNav days before the board's August 20 convening date. The panel was expected to be in session about four weeks.

Junior officer in the new zone is Cmdr. Thomas A. W. Frye (4742-25). The zone earlier had ended with Cmdr. John Watson (4718-90), anchorman in YG '54 according to the Dec. 31, 1972 Register.

Also expanded was the zone for the male line commander selection board slated to meet September 24. The junior officer in the zone now is Lt. Cmdr. Theodore M. Wanner (18352-00). It had been Lt. Cmdr. Jerry D. Skiles (18171-00). Both men are in YG '60.

The women line captain and commander zones are unaffected by the changes.

The expanded zones do affec the situation in the restricted line and most staff corps, how ever.

Non-passed-over restricted line officers senior to the junior unrestricted line officers in the new zones also now are in the zone for promotion to the next higher grade.

Staff corps officers, except those in the Medical and Dental Corps, whose URL running mates are in the expanded zones now also are in the zone.
